

A person is shown from the chest down, holding a tablet computer. The tablet screen displays a smart farming interface with various charts, graphs, and a Wi-Fi symbol. The person is wearing a black watch on their left wrist. The background is a lush green field of crops, with several yellow markers placed in the rows. Multiple white Wi-Fi symbols are overlaid on the image, suggesting a wireless network for the smart farming system. The title 'Smart Farming System' is written in large white letters on a dark blue background on the right side of the image.
